

RED CROSS HAS FLOUR FOR NEEDY

Township Trustees to Receive Allotments by Applying to Chapter here

100 SACKS IN CITY

Federal Farm Board Mills, Ships Staple

Distribution of flour was being made in Pickaway-co Tuesday by a committee of the Red Cross of which Frank A. Lynch is chairman. Other members of the committee are E. C. Ebert, Harry Bartholomew and Paul Betz.

A carload of flour, containing 1960 24 1-2 pound sacks was received here Monday from Springfield, Ill. The car was dispatched last Friday.

AID FOR NEEDY

The flour, made from part of the surplus wheat of the federal farm board and distributed to communities in which need exists, was being given to trustees of various townships for distribution to worthy needy families. Claims for the flour are expected to vary in amount. Deere Creek township trustees have applied for 75 sacks. Madison township trustees have reported that they do not need any of the flour that their needy are well taken care of. Circleville is well supplied with 100 sacks as its first share.

100 SACKS HERE

Circleville's share will be distributed by the Benevolent association after it is turned over by the Red Cross committee. Mrs. Orion King, chapter chairman of the Red Cross, will assist the Benevolent association in distribution.

Before distribution it is necessary that trustees of the various townships certify the list of their beneficiaries. The persons who are allowed will sign for the flour and the signature will be returned to the local Red Cross chapter to be sent to National Red Cross by Miss Agnes Butch, local secretary.

MORE AVAILABLE

Miss Butch announced Tuesday that while this car-load is Pickaway-co's first it will be possible to obtain more flour provided the need is shown.

The flour is being stored for the Red Cross through the courtesy of the Pickaway Grain Co., Western-ave.

GOINS SEEKS \$250 REWARD

Former Deputy Marshal of Hanford Files Claim With Commissioners.

Charles Goins, colored, former deputy marshal of Hanford village, Monday notified county commissioners that he will seek \$250 as his share of the \$400 reward offered for the arrest and conviction of the persons guilty of the murder of John Kidney last Dec. 10.

The commissioners did not take action on Goins' application as they plan to discuss the reward and its distribution with Prosecuting Attorney E. L. Crist and Sheriff Charles H. Radcliff before moving. Goins is expected to receive the lion's share of the reward money but just what amount he will be given hasn't been determined.

Others expected to share in the reward are Larry Van Shaik and O. B. Walker. Franklin-co deputy sheriffs.

ENTER INTO CONTRACT

The county commissioners entered into contract Monday with the Monroe Calculating Machine Co., 395 E. Broad-st., Columbus, in which it was agreed that the Columbus firm for \$30 per year was to keep in repair and good condition all Monroe calculating machines at the court house.

The contract is for one year.

Here's a Record

Here's a real record in poultry raising.

Mrs. Howard Holland of near New Holland reports that on Feb. 8, 800 White Rocks were hatched. To date each of them is still alive and each bird averages over two pounds in weight.

Needless to say, a large, vicious dog and a pair of shot-guns are guardians of the flock.

Battle Between Ohio's Wet, Dry Forces Launched

Fairfield Judge Seriously Ill

The condition of Frank M. Acton, Judge of the court of common pleas of Fairfield-co, who underwent an emergency appendicitis operation at Grant hospital, Columbus, is reported favorable.

Judge Acton, well known here, became stricken Saturday just before the noon hour and was rushed to the hospital.

A substitute judge will be assigned by Carrington T. Marshall, chief justice of the supreme court, to preside over the Fairfield-co grand jury next Monday and over the petit jury May 9.

DAMAGE CASE NEARING END

Outcome of Contested Suit To Rest With Twelve Jurors Tuesday Afternoon.

The damage suit of Charles N. McKinley of Orient against Guy M. McDonald of Mt. Sterling, in which the former seeks \$2500 damages and the latter \$2250 damages as the result of an automobile crash on the Three C highway, was expected to go to the jury of seven men and five women this afternoon following arguments of Charles Gerhardt for McKinley and Charles Dresbach and George Jackson for McDonald.

Arguments were being conducted before and after the noon hour following the completion of testimony of witnesses for both sides.

Judge Joseph W. Adkins is hearing the case.

TORNADO TOLL FEARED HIGH

Six Known Dead in Tennessee and Kentucky; Memphis Narrowly Escapes.

MEMPHIS, Tenn., April 26.—A mounting toll of human lives was anticipated today as relief workers surveyed the dismal results of tornadoes which struck wide sections of three states, leaving six known dead and property damage exceeding \$1,000,000.

Originating in eastern Arkansas, the vicious whirlwinds leaped across the Mississippi river to cleave paths of destruction across Tennessee and Kentucky.

More than 30 persons were reported injured and many of them were expected to die.

MEMPHIS ESCAPES

The city of Memphis narrowly escaped the violent windstorms.

The heaviest sufferers were the little communities and farms about 20 miles from here where the tornadoes reached their highest fury.

Six persons were killed in Shelby-co, of which Memphis is the county seat. Three additional deaths were reported at Osceola, Ark.

Among the dead in this district was Mrs. T. J. Dale, wife of a Millington farmer, and Irene Sparks, six-year-old girl who was killed in the collapse of her home at Rosemark.

After the Dale home was shattered by the tornado, the farmer managed to crawl out of the debris and, with the help of negro farm-hands, succeeded in digging his wife out of the wreckage. She died shortly afterward.

SEEK RECORD OF HIGH-ST CEMETERY

A committee of Pickaway Plains chapter, Daughters of the American Revolution, with Mrs. Orion King as chairman, is making an effort to place markers on the grave of each Revolutionary soldier buried in this county.

The committee is anxious to obtain the burial record of the old High-st cemetery and would highly appreciate any information which would lead to locating this record. Mrs. King should be notified by anyone having such knowledge.

NEW TRIAL DENIED

MARYSVILLE, O., April 26.—Denied a new trial, Joseph Potts, who has been convicted of robbing the Richmond Farmers' Deposit Bank, was to be taken to Ohio penitentiary today to begin a 20-year term. Judge F. Leroy Allen overruled his plea for a new trial yesterday.

BUILDING HERE DEPENDS UPON WAGNER'S BILL

UNDERWOOD SAYS

Condition of Federal Finances Makes Federal Building Now Doubtful

PLAN \$95,000 JOB

Congressman Says Deficit Halts All Plans

Hope for construction of a federal building here within a short time was blasted Tuesday when a communication was received by The Herald from Mel G. Underwood of New Lexington, Congressman from the 11th district.

The appropriation for a federal building depends entirely upon the fate of the Wagner bill providing for construction of certain authorized public works.

STATEMENT IS MADE

Following is Mr. Underwood's communication:

"The Wagner bill provides for emergency construction of certain authorized public works to aid in increasing employment and for other purposes.

If enacted into law it will probably increase our chances for immediate construction of a federal building at Circleville. However, in view of the condition of the budget, I regret to say that I do not think we can expect immediate action. While the amount has been set aside in the public building program for Circleville yet it has not been specifically authorized by Congress.

"The allocation of \$95,000 made by the treasury for Circleville has been temporarily shelved along with many other federal projects.

PROBLEMS GREAT

"We were promised this new federal building and I sincerely regret that economic conditions and the tremendous deficit facing the government has resulted in postponement of this project. I have been working for a special authorization and appropriation at this session of Congress and will continue to assist in any way I can. However, I am quite sure you will fully understand and comprehend the obstacles confronting us in view of the extraordinary condition of our federal finances and the difficult confrontation Congress is meeting the deficit and balancing the federal budget."

VOTERS VISIT POLLS TODAY

Roosevelt Expected to Win Pennsylvania and Smith to Take Massachusetts.

By International News Service.

Voters of Pennsylvania and Massachusetts trooped to the polls today to cast their ballots in primary elections which are expected to have a vital bearing upon the presidential aspirations of Al Smith and Franklin D. Roosevelt.

The rival presidential candidates of both Smith and Roosevelt clashed head-on in both states. The question of the prestige of both men is involved, also whether Roosevelt can be "stopped" at the forthcoming Democratic National convention in Chicago.

In Pennsylvania the state in today's balloting is the make-up of the delegation of 76 members of the Democratic National convention. Roosevelt's followers expressed confidence he would win a majority of the 76 votes.

In Massachusetts the Smith leaders were confident that Smith would come out victorious in the night for that state's 26 votes at the Chicago convention.

The weather was damp and murky in both states. A light rain fell at intervals in Massachusetts.

Republican preferences were expected to be expressed in both Pennsylvania and Massachusetts in favor of President Hoover.

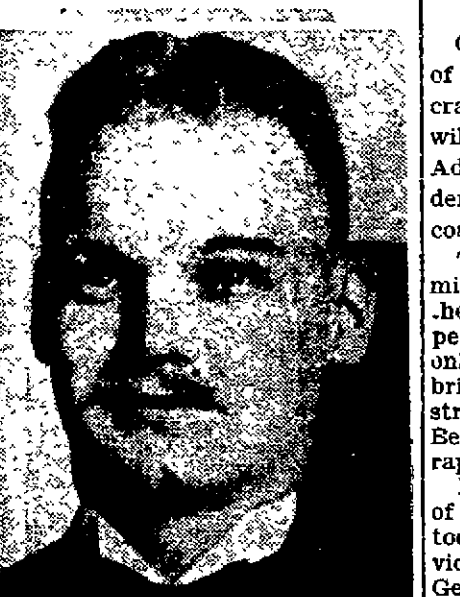

U. S. PATROLMAN BEAT TO DEATH

MIAMI, Fla., April 26.—Clubbed to death with brutal force by the hands of D. A. Romberger, United States border patrolman, was found today on an isolated beach near Dania.

Three men, Sam Lord, Barney Balaban and J. E. Gornito, all of Miami, were arrested and held for government investigation.

Romberger was believed to have been kidnapped and "taken for a ride" by bootleggers last night, federal authorities said.

MASONS MEET HERE MONDAY

High Officials of Organization Comment Local Chapter Royal Arch Masons.

The meeting of the Fifth district of Ohio Royal Arch Masons was held here Monday evening with about 100 members of the various chapters present.

A chicken dinner served by the ladies of the Eastern Star preceded the meeting.

The session was the occasion of the annual inspection of Circleville chapter, Royal Arch Masons, with George E. Whitley of Lancaster as inspecting officer.

The inspector in his report commended very highly High Priest Harry E. Montelius and all his subordinate officers on the quality of the work which was given in the impressive Royal Arch degree.

Secretary M. E. Trout was highly complimented on the capable manner in which his duties were performed and on the neatness and accuracy of his records.

EVANS ATTENDS

The local chapter was highly honored in having so many distinguished chapter members as guests. Especially was the chapter honored by the presence of the highest officer of the state, Grand Priest Lyle S. Evans of Chillicothe.

Other distinguished visitors present were W. C. Hambricht, Past Grand High Priest and present Grand Secretary of Ohio, Frank Delany of Jackson, Rolland Bright of Logan and George E. Whitley, of Lancaster, inspectors of the 12th, 13th and 15th districts, respectively; James W. Morgan of Jackson, Past Grand Master of the Grand lodge of Ohio, Roy Delancy of Lancaster, district lecturer of the 13th district of Ohio, Allen Hamill, Frank Sampson and Chester S. Swain, High Priests of Chillicothe, Lancaster and Wilmington chapters, respectively, and Clifford N. Hays, secretary of Washington C. H. chapter.

CLASS VISITS HERE

The senior class of Walnut-twp school, under the supervision of Russell Drum, visited the common pleas court room of the county house, county jail and The Herald office in a visit to this city Tuesday.

SEEK SOLDIERS TO END STRIKE IN MINE AREAS

Coal Operators to Ask Henderson for Protection When Opening Mines

MEETING IS TODAY

Advisability of Opening Mines Is Doubtful

COLUMBUS, O., April 26.—Help of the state militia in an effort to crush the eastern Ohio coal strike will be requested this afternoon of Adjutant General Frank D. Henderson by a group of Ohio's leading coal operators.

The group of operators, whose mines are paralyzed as a result of the strike, were to make their appeal as a part of a plan—as yet only in the formative stage—to bring about a breakdown of the strike by reopening large mines in Belmont and Harrison counties in rapid succession.

Essential to the consummation of the plan as revealed exclusively today to International News Service is the assurance by Adjutant General Henderson of adequate protection, preferably by the Ohio National Guard.

OPINIONS DIFFER

There is, however, no unanimity of opinion regarding the plan. While some of the operators believe a sudden resumption of operations of the leading mines in the strike area would cause the complete collapse of the walkout, other operators are hesitant as to whether now is the logical time to force the matter.

The conference scheduled this afternoon with Adjutant General Henderson was requested by the operators through R. I. Ireland Jr., of the Hanna Coal Co., president of the Eastern Ohio Coal Operators Association. Col. William U. Martin, commanding officer of the Ohio National Guard Troops stationed at Cadiz, the scene of recent disorders, was called to sit in on the conference.

Ireland said that no joint demand is being made by the operators as a whole for rifle, machine gun and tear gas protection against strikers in an effort to reopen, but declared that the suggestion is believed to be the leading one that will be taken up at the conference with Henderson.

DOUBT WISDOM

Some mine owners, Ireland said, doubt the wisdom of trying to resume production but the conference today is for the purpose of studying the situation carefully with a view to bringing an end to the strike that has been in effect since April 1.

Lancaster Elks To Be Hosts

Thursday evening will be known as "Circleville Night" at the Lancaster Elks lodge when local members will be guests of the Fairfield-co organization. Dr. A. Rockey, exalted ruler of the Lancaster lodge, notified Ferd M. Picken, exalted ruler here, that arrangements are being made for a big evening with a banquet at 6:30 p. m.

The glee club of the local lodge, under the direction of Fred Witlich, will provide music at the meeting and all members are to report at the lodge home Wednesday at 7:45 p. m. for rehearsal.

KNISELY SPEAKS TO TRUSTEES HERE

Clyde J. Knisely, examiner in the office of the state auditor, addressed members of the various township trustees boards Monday evening in the common pleas court room explaining use of the gasoline tax money.

He said in many places the money is being used for poor aid and not for roads repairs as intended.

Youth, 18, Afraid of Dark, Hangs for Murder; Crowd Watched Silhouette

LONDON, Ont., April 26.—A boy afraid of the dark had determined not to be hanged, dropped to his death from the gallows in the ghastly end of the London-co jail yard this morning.

Shortly after midnight Wallace Ramessbottom, 18, of Sarnia, Ont., climbed a ladder, faltering the 17 wooden steps to the trap door under the noose. A minute later at 12:10 a. m. the trap was sprung and he had paid the supreme penalty for killing Samuel Weinstein, London grocer during an attempted holdup.

"I don't want any of those cops helping me up those stairs," the youth had said a few hours before his execution.

The guards were there but Ramsbottom did not need their help. He was afraid but the false escape which drove him to hang and kill the elderly grocer stayed with him.

The gallows was shielded from the public gaze on three sides so that the crowd outside might see no trace of the hanging. But the east wall of the hanging scene served as a screen upon which the hanging was enacted in silhouette.

Captain Hugo Sundstedt, 46, formerly an officer in the Royal Swedish Navy, an aviation pioneer, is shown with a model of the seaplane which he claims will span the Atlantic in 20 hours from New York to London. The plane will carry a crew of 4 and a 2,000-pound cargo of mail at 170 miles an hour.

DARROW SET TO MAKE PLEA

Drama of Pacific Draws Near Close; Argument to Climax Long Career.

HONOLULU, T. H., April 26.—A grim drama of the Pacific drew to its close today as opposing counsel in the "honor slaying" trial grided for their closing arguments, with the expectation that the fate of four American defendants would be placed in the hands of the polyglot jury by late tomorrow or possibly Thursday.

Interest in Honolulu waxed intense as Clarence Darrow, master of the defense, prepared his summation in behalf of Lieut. Thomas H. Massie, his mother-in-law Mrs. Grace Hubbard Fortescue, and two naval enlisted men.

CLIMAX OF CAREER

That the speech of the 75-year-old lawyer will mark the climax of his brilliant legal career was generally conceded.

Testimony was concluded with the appearance of two state witnesses, Dr. Joseph Catton and Dr. Robert E. Faust. Dr. Catton, noted mainland all-arounder, reiterated the state's contention that Lieut. Massie was sane when the shot was fired that snapped short the life of Joseph Kahahawai, who admitted, Lieut. Massie testified, to an attack on his wife. The defense is based on the contention the officer was temporarily deranged.

Nothing is certain as to the time the final argument will end, as no limit was imposed by Judge Charles S. Davis.

The question of the Judge's instructions to the jury was finally settled at a conference between Darrow, Prosecutor John G. Kelley, and Judge Davis, with both sides forced to yield on many of their requests, it was learned.

It was agreed that the instructions will be delivered at the close of the arguments, and not before, as the prosecution had preferred. Darrow will probably not speak until Wednesday, with Kelley following him.

HONOLULU, T. H., April 26.—A proposed direct radio broadcast of the final arguments in the Fortescue-Massie "honor slaying" trial was refused today by Judge Charles S. Davis.

Judge Davis ordered the Honolulu newspaper sponsoring the broadcast to place its microphone in an empty court room now used as press headquarters. The addresses will be read there as soon as delivered.

DISARMAMENT MEET TO BE CONTINUED

GENEVA, April 26.—To save the disarmament conference from falling into a stalemate Secretary of State Stimson, French Minister J. Ramsey MacDonald and Chancellor Heinrich Brüning of Germany agreed today to remain in Geneva over the coming week end. They will await the return of Premier Andre Tardieu of France and Foreign Minister Coudré for an important conference aimed at a showdown on outstanding issues.

GIVES TALKS HERE

A large crowd of men and boys heard the address by H. E. Bon Durant on "Keeping Fit" at St. Philip's parish house Monday evening.

Mr. Bon Durant addressed the Kiwanis club at Hanley's tea room earlier in the evening.

He will speak to women and girls at the United Brethren parish house Tuesday at 7:30 p. m.

LaGuardia Says Brokers Have Wrecked Market, Before Group

SURPRISE WITNESS

Fiery New Yorker Claims Lies Being Told

WASHINGTON, April 26.—Appearing as a mystery witness at the Senate investigation of speculation, Rep. Fiorella LaGuardia, Republican of New York, today charged that brokers helped to inflate stock values in order to unload stocks on unsuspecting public.

LaGuardia declared the statements of brokers that they had nothing to do with promotion of stocks were "deliberately false."

RECALLS STATEMENT

On March 3, 1932, Hornbower and Weeks, a brokerage firm, sent out a statement to their customers predicting the start of a bull market, LaGuardia said. "In the meantime there was no such bull market and no such optimism was justified," the congressman declared.

Then on April 6 the same firm sent out a statement quoting John W. Fanning to the effect that the LaGuardia tax claim on income of securities had been introduced in the House, bonds had declined over a billion dollars in value and stocks had depreciated over two billion dollars.

LaGuardia called this an alibi saying he had not introduced the clause of transfers although it is now a part of the bill. He said the firm of Hornbower and Weeks used it as an alibi to explain why market predictions failed.

The firm Charles Securities Corporation, employed publicity campaign.

CHASES INTRUDER FROM BED ROOM

William Cummins, 33, Unable To Hold Burglar After Grappling With Him.

William Cummins, 33, 827, Oak-st., Columbus, a former resident of this city, grappled with a burglar in the bedroom of his sister, Margaret Cummins, at 4 a. m. Tuesday, but was unsuccessful in his attempt to hold him until aid could be obtained.

Mr. Cummins was awakened by his sister's cry and entering her room encountered the burglar attempting to make his exit through a window.

The thief awakened Miss Cummins after obtaining the contents of a purse which was in her room, amounting to about 11 cents.

The Cummins family formerly lived in Circleville. Their father was the late James Cummins who was a member of the local police force for many years. They resided on W. Corwin-st.

BAR VISITORS TO CELL OF GANGSTER

CHICAGO, April 26.—More rigid restrictions are in force against those who seek to visit Al Capone in Cook-co. jail. United States Marshal H. W. C. Laubheimer revealed today.

The Marshal said that newspapermen particularly are barred from entrance into the cell where the gang monarch is awaiting the outcome of his appeal to the United States supreme court from an 11-year prison sentence for income tax violation.

Federal officials at Washington, Laubheimer said, were displeased over publication of stories connecting Capone with the search for the kidnapped Lindbergh baby.

ESCAPED LONDON PRISONER CAUGHT

Cardinals Now Hitting Stride

St. Louis, April 26.—With the Cardinals slowly but surely climbing out of the depths of the second division, beat Cincinnati again, 4 to 2, and took sixth place away from the Reds.

St. Louis, however, may be handicapped for several weeks by the loss of Pepper Martin, hero of the 1931 world series. The dynamic little outfielder tore the ligaments in his left shoulder at Cincinnati Sunday and will be unable to move his left arm for several weeks.

The Red's defeat yesterday was their fifth in a row and the first defeat of the season for the veteran Red Lucas, who was outpitched by Wild Bill Hallahan.

Two home runs by Red Worthington failed to give the Braves victory over the Phillies, who won in the twelfth when Ben Cantwell walked a pinch hitter with the bases full. The Braves got a tough break in their half of the inning when a hit by Schumacher, with two on base, struck Berger as the latter was running from first to second. Berger was declared out and the rally collapsed.

With the air of heavy hitting by his mates and four errors by the opposition, Brown hurled Cleveland to an easy 10 to 5 win over the St. Louis Browns. Rick Ferrell and Joe Vasmik hit homers.

All other games were called off because of unfavorable weather conditions.

Hornsby To Again Change Lineup

CHICAGO, April 26.—Another change in the Chicago Cubs' lineup was announced today by Manager Rogers Hornsby as part of his campaign to instill more batting vigor into his charges.

Danny Taylor was to be sent into the right field pasture today to substitute for Vince Barton, whose hitting of late has been something not to write home about. What's more, declares the Rajan, if Danny doesn't deliver before the week is out, he, too, will find himself warming the bench in favor of the utility outfielder, Lance Richbourg.

Taylor's insertion into the lineup is the second chance for the Cubs within two days. Yesterday the veteran Hazen (Kiki) Cuyler was declared out of the game for at least a month because of a broken foot cartilage.

STEELE SIGNS WITH ASHVILLE

Popular Local Athlete to Play Shortstop With Suburban League Outfit.

Art Steele, popular local athlete, has signed a contract and is expected to appear Sunday in an Asheville baseball uniform when that club opens its 1932 Suburban league chase against New Albany in Community park, Asheville.

Announcement of Steele's signing a contract was made by George B. Stoker, Asheville manager, Tuesday. Whether or not Steele will break into the lineup Sunday depends on the condition in which he reports. Murray, Columbus athlete, has been holding down the short field but Steele is expected to replace him because of Murray's weak stick-work.

MARTIN IS OUT

ST. LOUIS, April 26.—Because of a ruptured ligament in the left shoulder, Pepper Martin will be out of the St. Louis Cardinals' lineup for at least three weeks, it was announced today by Dr. R. F. Hyland, team physician.

Dr. Hyland examined the hero of the 1931 world series when he arrived here from Cincinnati where he was injured last Sunday in a game with the Reds.

LAMB ATTENTION IS STRESSED HERE

The arrival of the spring lamb crop brings with it a big obligation to the stock owner who wishes to realize the most economic returns from his lamb crop. Each year thousands of lambs undocked and uncastrated arrive on the livestock markets throughout the country. This type of lamb produces a carcass of poor quality and the market discrimination against the undocked and uncastrated lamb costs the farmer producer from \$1 to \$2 per cwt. on an average market. Lambs should be docked and castrated at the age of from one week to 10 days. The operation at this age of the lamb is simple and the shock to the lamb is very slight.

No wonder the earth gives a twitch at times. Think of the insects on it.

World's Champion

Here is a champion showing the camera how she does it. She is Miss Audrey McVey, of Kansas City, Mo., who recently won the world's singles bowling championship for women at the International Bowling Congress in St. Louis, Mo. Miss McVey's score was 688, which is some mark to shoot at.

WET-DRY FIGHT

Continued From Page One

"preferred," Mrs. Elizabeth C. T. Miller of Columbus was put down as "reported dry."

Inasmuch as U. S. Senator Robert J. Bulkley of Cleveland is not opposed for the nomination, the league ignored him and his candidacy for reelection. He was opposed vigorously when he ran as a wet two years ago.

Only one of 11 available Democrats was found to conform to dry requirements in the congressman-at-large section. He is Charles E. Lukens of Marion.

Of seven Republican candidates for the same office, Benjamin F. Reading of Toledo was listed as satisfactory and Dallas Sullivan of Richmond was rated: "Welcome referendum—past dry record satisfactory."

It had previously been expected that the league would come out openly hostile to everybody favoring resubmission. The fact that it did not was believed to be the result of reports that national officers of the organization at Washington are considering relaxing that attitude.

OTHERS RATED

Rating of other candidates for congressmen-at-large follows:

Republican—Percy Tellow of Columbus, favors resubmission, past record satisfactory; Hugh K. Martin of Columbus, believes people should be given opportunity to express themselves on the question; Thomas J. Herbert of Columbus, and George H. Bender of Cleveland, unsatisfactory, and L. T. Palmer of Middletown, exact attitude not reported.

Democratic—Grover Cleveland Bell of Cleveland, Louis M. Day of Chillicothe, Prof. Gordon Hayes of Columbus, William Norton of Toledo, Herman Whittier of Canton, Stephen M. Young of Cleveland, Charles V. Truax of Bucyrus and Thomas W. Latham of Toledo, all unsatisfactory; Paul F. Dye of Urbana, no response, and Arthur D. Davis of Columbus, favors resubmission.

Candidates for other offices were given the following ratings:

Lieutenant Governor—Republicans: Walter G. Nickels, satisfactory; L. E. Palmer, satisfactory; George E. Turner, no response. Democrats: William G. Pickrel, no opposition.

Secretary of state—Republicans: George C. Braden, satisfactory; Arthur A. Nixon, satisfactory; William B. Guiteau, favors modification; Edward J. Hummel, unsatisfactory.

Don't Waste Your Time and Energy—TELEPHONE FIRST!

Doctors, dentists, lawyers and bankers are busy men. If you just "drop in" to see them, you are very likely to be disappointed. They may be out of town—or out to lunch. Or even more likely, they will be too busy to see you—busy with people who have telephoned for appointments.

People are apt to take you at your own valuation. If you waste your time and energy, they will be inclined to do the same. Don't let them do it. Telephone before you start out—always.

The Citizens Telephone Co.
Circleville, O.

The Value of the Telephone Is Greater Than the Cost

satisfactory. Democrats: George S. Myers, no response; Rupert U. Hastings, reported unsatisfactory; Thomas Kyer, unsatisfactory.

Attorney General—Republican: John W. Brinker, no opposition; Democrats: Francis Poulson and Herbert S. Duffy, both unsatisfactory.

Chief Justice of Supreme Court—Republican: Carrington T. Marshall, no opposition; Democrats: Carl V. Weygandt, record unsatisfactory; Frank S. Day, unsatisfactory; Y. D. Price, unsatisfactory.

Judge of Supreme Court—Republicans: Edward S. Mathias and

Thomas A. Jones, no opposition, (two to be elected.) Democrats: Charles B. Zimmerman, unsatisfactory; William T. Henderson, reported for modification; Robert N. Wilkin, no information.

TRUAX, CANDIDATE, IS VISITOR HERE

Charles V. Truax, former State Director of Agriculture under Governor Donahy and now Democratic candidate for Congressman-at-large, visited the city today in the interests of his candidacy.

Prior to becoming Director of Agriculture, Mr. Truax was one of the largest farmers and live stock producers in Ohio. He was vice chairman of the committee of 22, sponsor of the McNary-Haugen Bill. In 1928 he was the party nominee for U. S. Senator.

Instead of farm relief, he declares that "farm rescue" is necessary. Truax maintains that just as long as the farmer sells wheat for 45 cents and hogs for 3 1/2 cents, just that long will the country wallow in the slough of depression, panic, bankruptcy, business failures, unemployment and soup-kitchens. He therefore proposes to fix a minimum of \$1.25 for wheat and 10 cents for hogs, using the equalization fee or surplus storage in the case of wheat.

"England and France are paying their farmers \$1.65 for wheat so those countries will not have to import American wheat, then we are foolish enough to let them postpone indefinitely the payment of their war debts.

In the United States, the greatest agricultural nation in the world, nothing is done to save the farmer, the backbone of the nation. Truax cannot help, since we only consume 85 per cent of what we produce. We cannot control production, but we must control the amount of the crop that moves to market. Unless drastic measures are adopted to raise price levels of farm products, break the strangle hold of the

money lenders on the people, provide a job for every man able and willing to work, reduce taxes, eliminate bureaucracy and redistribute the wealth—the nation is doomed."

Truax's platform includes: 1—Moratorium for farmers and home owners. 2—Refinancing fund of \$2,000,000,000 for farmers, home owners, small business, country banks, new money to be issued; increased taxes on swollen fortunes, incomes and estates. Drastic reduction of taxes. 3—Prohibition re-submission to the people, government control with a low tax. He is opposed to all laws that tax the poor for the benefit of the rich.

Under this system Ford explained a worker could save \$500 a year if he could raise his own food stuff for table use. He believes farmers could put in less time on actual farm work and the time saved could be used in industry.

FORD OUTLINES PLAN TO HOOVER

WASHINGTON, April 26—Henry Ford, the Detroit automobile magnate, today outlined to President Hoover his plan of combining farmer and industry in the experiment he is conducting on his Dearborn Farm in Michigan with Ford factory hands.

He said factories should distribute their workers over farm land so that workers can raise their own food.

Under this system Ford explained a worker could save \$500 a year if he could raise his own food stuff for table use. He believes farmers could put in less time on actual farm work and the time saved could be used in industry.

GEORGE WASHINGTON'S TRAVELS

By James W. Brooks

WASHINGTON WENT THE WINTER OF 1776 TO AT MIDDLEBROOK, NEW JERSEY. THE FALL OF 1776 HAD BEEN SPENT IN STRENGTHENING HIS FORTIFICATIONS. THE PALISADES OF THE HUDSON PLAYED A MOST IMPORTANT PART IN HIS PLANS AND WERE CONTROLLED BY THE AMERICANS DURING A GREAT PART OF THE REVOLUTION. THE CLOSE OF 1776 FOUND WASHINGTON AND HIS WIFE IN PHILADELPHIA.

THE FIRST TREATY OF THE NEW NATION WAS MADE WITH FRANCE EARLY IN 1778. WHEN READ TO WASHINGTON'S SOLDIERS IT WAS GREETED WITH CHEERS AND SALUTES FOR IT MEANT MEN, MONEY AND AMMUNITION. THE FRENCH ADMIRAL, COUNT DESTANG LEFT IMMEDIATELY FOR AMERICA WITH TWELVE SHIPS. THE INFLUENCE OF BENJAMIN FRANKLIN IN SECURING AID OF FRANCE CANNOT BE OVER ESTIMATED.

Monday Club Accomplishments Recalled By Retiring President

The regular meeting of the Monday Club was held last evening in the club rooms, with Mrs. R. R. Bales presiding.

During the business session reports of Mrs. Harry Heffner, recording secretary, and Mrs. Fred Griner, corresponding secretary, were read, and approved by the club. Mrs. Heffner mentioned the fact that four of the club members had not been absent from a meeting during the past year. They are Mrs. R. R. Bales, Mrs. Charles Naumann, Miss Carrie Olds and Miss Clara Littleton.

The resignation of Mrs. Noah Weaver was read and accepted, with regret, by the club.

Mrs. Bales presented Mrs. Howard Jones, who gave a most interesting talk on the Certificate of Membership of the local club. This certificate was presented the club in 1931 at the National Federation of Women's Clubs held in Philadelphia. Mrs. A. C. Wilkes and Mrs. C. E. Groce were in attendance at this session. One of the interesting events of the meeting was the attempt of Susan B. Anthony and other noted suffragettes to gain control of the convention.

Mrs. Jones attended the State Federation Convention held in Springfield in 1931 at which time the Ohio Federation of Women's Clubs was organized.

Mrs. Clark Will, president-elect of the Monday Club, will attend the 36th annual convention of the Ohio Federation of Women's Clubs at Sandusky the week of May the second. The members of the club are invited to attend a special meeting at the home of Mrs. R. R. Bales, Saturday, May 7, at 2 p. m. to hear Mrs. Will's report on this convention.

Mrs. R. R. Bales, retiring president in a very charming manner, gave a resume of the work the club attempted to do during the past year. She mentioned the fact that although the accomplishments were not so large the club's aim is to do small things well. Among the things spoken of which the club sponsored during the past year were:

First organization in the county to celebrate the Bi-centennial.

Sold articles for the blind.

Sent a check to the Girls' Industrial School at Delaware.

Sent magazines to the soldiers at Camp Sherman.

Took charge of the Benevolent Booth at the Pumpkin Show.

Appointed a motion picture chairman.

Planted a tree in honor of George Washington.

Placed 100 signatures on World Court Petition.

Solicited for the Boy Scouts' Drive.

The club regrets the loss of Mrs. Bales as its president. Her

high aim and never failing interest in club work were an inspiration to all.

Mrs. W. T. Ulm, chairman of the division on Book Reviews, presented Miss Elizabeth Dunlap, who chose for her review, "On Understanding Women" by Mary R. Beard, which she presented in a most delightful manner.

During this interesting and helpful talk Miss Dunlap mentioned the fact that since the outbreak of the World War, social orders and political systems have been in dissolution over the whole earth. As some are seeking a cause for this, it is obvious that women being involved in this turmoil come in for a full measure of criticism and abuse. How then can we attain the balance necessary for understanding women as well as any other living thing?

Looking backward we see women assuming chief responsibilities for the continuance and care of life. Woman by means of domestic innovations, lifted her male companion above his own plane. While man studied the arts of killing and defending, woman invented cooking, spinning and weaving, thereby lifting the human peck above the hardship and insecurity of hunters and nomads. Woman launched civilization.

The whole art of chivalry developed around woman. Martha Washington took charge of the plantation while the fortunes of America were at stake. Abigail Adams demanded consideration for the rights of her sex.

Men and women must come back to the balance of their older and more natural state. Raising above sex antagonism, they should find new possibilities for the life which the two sexes must necessarily live together.

Aristophanes said twenty-three centuries ago "there is no pleasure for a man unless a woman shares it."

STAG PARTY AT COUNTRY CLUB

There will be a stag party at the Pickaway Country Club Wednesday at 6:30 o'clock.

WILL ENTERTAIN SEWING CLUB

The Sew-So Club will be entertained Thursday afternoon at two o'clock at the home of Mrs. C. H. Doan of W. Franklin-st.

MRS. SHANTON IS CLUB HOSTESS

Two tables of bridge were assembled at the home of Mrs. Edwin Shanton of Pinckney-st, Monday evening, when she was hostess to members of her club.

A pleasant evening was spent in cards and when talks were added trophies went to Mrs. E. Sensen-

brenner, Mrs. Shanton, and Mrs. John Bolender.

The serving of a delicious luncheon brought the delightful evening to a close.

In two weeks the club will meet with Mrs. Bolender at her home in Washington-tw.

DAUGHTERS OF 1812 TO MEET SATURDAY

MRS. DALGARN ENTERTAINS

Mrs. Allen Thornton and Mrs. Lawrence Goeller were guests of Mrs. George Dalgarn, Monday evening, when she entertained the members of her bridge club at her home on N. Court-st.

Three tables of cards were in progress and at the conclusion of play score prizes went to Mrs. Thornton and Miss Nelle Anderson.

ENTERTAIN FRIENDS AT DINNER SUNDAY

Mr. and Mrs. Marvin Steeley and son, George, entertained at a delightful twelve o'clock dinner, Sunday, at their beautiful country

home near this city. Covers were laid for Paul Hay of Ashville, Mr. and Mrs. George Steeley, Mrs. Jane D. Bell and daughters, Flo and Charlotte, and Nelson Bell Jr. of this city. Mrs. Ada Dresbach and daughters, Florella and Martha. Mrs. Ray Maag and son, Frederick and Mr. and Mrs. Harry Wright of Kingston.

John D. Johnson of Darbyville spent the week-end with C. F. Weidinger and family near Walnut Hill, Franklin-co., and was a Sunday guest of Mr. and Mrs. Guy Weidinger and daughter, Julia Lea.

Rothman's Store will be closed Wednesday and Thursday in observance of holidays.

Mrs. Anna Hall of Watt-st has returned home after spending several days visiting her brother and sister-in-law, Mr. and Mrs. Alfred Kay of Springfield.

Mrs. O. H. Duntun, S. Court-st, has as her guests, Mrs. Charles A. Tiffin of Syracuse, N. Y., and Mrs. James M. Caldwell of Chillicothe.

Mrs. Nannie Fowler was removed from her home east of Stoutsville to White Cross hospital, Columbus, Monday, in the Rinehart invalid car.

The kidnapers who double-crossed the Lundbergs will most certainly demand a fair trial if caught.

Modern Adam and Eve in Pacific Eden

Berlin Couple Who Deserted Civilization for Desert Isle Are Happy in Self-Imposed Solitude. Visited by Vincent Astor.

STOCKING THEIR PANTRY SHOWING LOCATION OF ISLANDS DR. KARL RITTER AND FRAU KOERWIN

A prominent physician in Berlin, Germany, three years ago, Dr. Karl Ritter, tired of the conventions and artificiality of civilization, sought voluntary exile on Charles Island, a lonely little Eden in the Galapagos group in the Pacific. With his only companion, Frau Dore Koerwin, a former patient, Dr. Ritter set out to prove that man could live comfortably and happily without any of the adjuncts of modern civilization. Today, according to Vincent Astor, millionaire sportsman who was the last to see the couple, the strange scientific-social experiment is a success. Astor, cruising in Pacific waters in his yacht Nourmahal, visited Charles Island last February and found the modern Adam and Eve happy and contented. Two years ago when Astor called at the island he brought packages of seeds for the German exiles. These seeds have come along splendidly and have added to the menu of the experimenters. Their diet is chiefly composed of bananas and vegetables and their only source of water is a tiny spring. True to their resolution to turn their backs upon civilization and all its works, Dr. Ritter and his companion have but one piece of machinery on the island—a wheelbarrow which the doctor fashioned out of materials at hand. Dr. Ritter and Frau Koerwin started their Robinson Crusoe venture without saying a word to a soul. Frau Koerwin left her husband and the doctor left the extensive medical practice he had built up. It was a year later that a chance landing on the island by a scientific expedition discovered the couple.

Pickaway Pupils Hear Firemen

The Pickaway-twp school was treated to a rare entertainment on its assembly program Monday morning. The treat was furnished by Edward Morrison and Frank Todhunter of the Capital University Conservatory of Music. These men are two of the school's instrumental instructors.

Mr. Morrison is director of the Columbus Firemen's Band, and he brought it here for a concert. It was an outing for his band and a big surprise entertainment for our school. After the concert the twenty-five members enjoyed one of Mrs. Alkure's good dinners in our cafeteria and played recreation ball with some of our high school boys.

In addition to the splendid band concert the program included cornet and saxophone solos, which were furnished by some of the students of the above named instructors. John Freytag of Everett Junior High, Columbus, played two beautiful cornet solos. He was accompanied at the piano by his brother, David, of South High School. William Krum of the Sunbury Road school and Marion Hockman of the Canal Winchester school played saxophone solos, accompanied by Mr. Morrison. All of these solos were exceptionally good and served the good purpose of showing us that 7th and 8th grade pupils can be real musicians.

When the firemen began unloading in the school yard the pupils began to wonder what was going to happen. Some thought the men were policemen and were a bit alarmed. Others recognized the firemen uniforms but wondered about the fire. However, when they saw the band instruments brought forth they began to understand that there was neither riot nor fire but that they soon would be fired with enthusiasm from a riot of music.

'Round The Town

NEWS OF HOMES AND HOME FOLKS

Published by STEVENSON'S

VOL. 3. NO. 17.

Tuesday, April 26, 1932

Picnic time will soon be here. And who doesn't like to go to one? The only folks that don't like them are those that are old and stiff in their joints and don't like to be bothered by ants crawling over them while sitting upon the ground. If those folks would drop into our store and hand us 69 cents, we'd hand them a folding chair, with a back that is just real comfortable. Since these chairs fold up into a small space, it's no trouble to carry them along in the car. And, by the way, these same chairs wouldn't make bad chairs to have around the house when a card party is on. When you see them, you'll wonder how such a chair can be sold for so little.

It may be because the "editor" of RTT is a grand-daddy, but our muscles were certainly sore last week. But we're convinced that that is not the real reason. In fact, we know that this soreness came from assisting in the installation of a Pyrofax Gas Outfit and an Estate Gas range in a certain home in New Holland last week. Since the residents of that city to our west have no natural gas, we are very sure that our customers will not experience a "soreness" over her purchase. It's hard to believe we know, but even though this family does not live within several miles of the nearest gas main, the housewife is now doing her cooking and baking on a modern Estate gas range. You too, no matter where you live, may enjoy the same modern and convenient method of preparing your meals. And now that the price has been adjusted for 1932, you'll find that you can purchase one of these outfits at a price comparable to that of a good quality of coal range.

After the battle of Lake Erie, back in the War of 1812, Commodore Perry sent this message to his superior officer: "We have met the enemy and they are ours." A certain husband in Roundtown came into our store last week and he could have sent the following wireless to his wife: "I have found a rug and it is ours." Yes, he wanted a rug, looked over our stock, found one to his liking—both in respect to design, color, and price—and took it home. And why shouldn't he be pleased? Our

rugs are right in everything that the buyer wants—even when it comes to prices. Prices are just as low as the quality of the rug will permit—Axminsters from \$26.00 and up.

Ed. Sensenbrenner, S. Court-st jeweler, says that his idea of a soft job is being a valet for Mahatma Gandhi.

How's your sweet-pea? Are they sticking their heads through the ground? They'll soon be throwing out their tendrils looking for something on which to climb. What'll you use? A string lattice, some brush, or will you just phone us to bring out one of our trellises priced at \$1.35? They are all ready to be driven into the ground and are painted white. And for your higher climbing plants—roses, morning-glories and moon-flowers—we have taller trellises, all painted white, and all priced at a very reasonable figure.

We expect to make a certain country housewife happy on Thursday of this week. On that day we are expecting to install a Pyrofax Gas range in her home. After that date she'll be cooking and baking for herself and her hubby on a modern gas range, with insulated and heat-controlled oven. Just like her city cousins, even though she lives some distance from the nearest gas line. The range that she gets will have a fire-box in it for a coal-fire to be used for heating the kitchen and for heating the water in the water tank. And the prettiest part of the whole thing is that this outfit, which of the most modern type cost her no more than a first-class coal range would have cost her. And look at the convenience of gas!

And then there's the PERFECT TION of range and cook stoves for those living out of the range of gas mains and who do not wish to invest too much money. It's almost as convenient as Pyrofax. Prices start at \$23.25.

How's your bed? Is it comfortable? If not, be sure to see our \$29.35 box-spring and mattress (under-spring) outfit.

This warm weather has certainly brought out the stinging insects. The most noticeable ones are the "house cleaning bees." A number of our women folks have been "stung" judging from the number of men that we have observed eating up-town and from the women folks that are choosing rugs off our rug rack. Right now is the time to make a selection, while the stock is good.

There's a terrible surplus of wheat in this country, but in our opinion, it might be worse. It could be spinach.

Our stock of gliders must be attractive, judging from the expressions of some folks from our neighboring city of Columbus. Just last week, two couples were in the store, at different times, looking them over. We hope that it will lead to sales a little later on. One was sold last week to a certain family and we can just see the man of the house occupying the entire glider during the coming summer evenings. He says that his wife and children may use it during business hours, but after his work is over, that glider will be his exclusively. And we don't blame him very much for it is certainly a spiffy one.

How many of our readers have slumped upon straw-ticks and slats? How'd you like to sleep that way now? Well, at that we believe that that type of bed was just about as comfortable and healthful as the spring and mattress that some folks are using. We refer to that type of spring and mattress that was in vogue when bustles, high-wheeled bicycles, long skirts, and hats were in style. Believe it or not, some folks are still using springs and mattresses as old as that. Such old-time bedding has been out of style these many years. And the folks that are still using that type do not know the restful and healthful features of the modern De Luxe and Perfection bed-springs and the downy softness of the Lenox and Slumberon spring-mattresses. During the house-cleaning spasm, throw out those old springs and mattresses and install new ones and begin to really enjoy restful and healthful sleep.

TREATMENT GIVEN FOR SPRING PIGS

In view of the losses experienced through the ravages of hog cholera through Pickaway-co last summer, it will be most important to insure the spring crop against cholera infection. Infection of premises exposed to hog cholera outbreaks this last year has been intensified through the mild weather of this past winter.

Present hog prices and future price prospects indicate the importance of taking every precaution to save and market every pig farrowed. Immunization through the administration of anti hog cholera serum and virus is the cheapest insurance and the only known means of combatting this expensive hog malady.

It is economical to have the pigs treated while they are small, since it requires less serum, they are easier to handle and losses are avoided which occur in many instances thru tardy treatment.

Get in touch with your veterinarian. Treat your pigs against cholera and insure a market for your corn and grain.
